Dear Parents,

RE: OFSTED INSPECTION REPORT

Following on from my previous communication regarding our recent Ofsted inspection, I am delighted to inform you that the inspection report has now been finalised. We have sent it to you by email, along with this letter. You can also find it on our [school website](#).

This report reflects the incredibly positive feedback we received during the inspection. I am proud to share that the outcomes are in line with our own self-evaluations, further affirming the progress our school has made since our last inspection in 2013!

The Ofsted survey received over 100 parent responses, which is incredibly high. The lead inspector was moved by several of these responses, and I would like to take this opportunity to thank you for your kind words.

We are so grateful for your continued support and involvement in our school community. Your dedication as parents, your children's commitment as pupils, and the efforts of our staff have all played a significant role in the outcomes noted in the report.

Wishing you all a lovely weekend.

Kind regards,

Effie Demetriou
Headteacher
